

POWER CLIP

The screenshot shows the CorelDRAW X5 interface. The 'Effects' menu is open, and the 'PowerClip' option is selected, showing a sub-menu with 'Place Inside Container...', 'Extract Contents', 'Edit Contents', and 'Finish Editing This Level'. On the right, a photo of penguins is shown with a black oval shape overlaid. Below the photo, the same penguin image is shown inside the oval, demonstrating the PowerClip effect. A list of steps is provided to the right of the screenshot.

1. PLACE CLOSED SHAPE ON PHOTO
2. SELECT PHOTO
3. SELECT EFFECTS
4. POWER CLIP
5. PLACE INSIDE CONTAINER
6. CLICK ARROW ON SHAPE OUTLINE
7. TO EDIT SELECT EFFECTS
8. EDIT CONTENTS
9. FINISH EDITING THIS LEVEL
